Discrete differential geometry - Lecture hall: 0.06 (16:30-18:00)

time	title	presenter
16:30	Systems of difference equations, symmetries and integrability conditions	XENITIDIS, Pavlos
17:00	How discrete integrable systems helped to solve a classical problem in differential geometry	BOBENKO, Alexander
17:30	About a movie: "Solving Bonnet problem: hands on adventure in 17 chapters"	BOBENKO, Alexander
